

Energy Efficient Homes

Net Zero Carbon Toolkit Information Sheets

Introduction

These sheets form a Toolkit designed to help you plan a Whole House Retrofit to achieve Net Zero Carbon, either in one go or in a long-term series of stages.

They:

- Recommend the order in which to take the necessary steps to fully insulate your home;
- Enable you to reduce your use of energy for lighting, heating and other resources including water; and
- Help you to make decisions about renewable energy generation for your home.

Each gives further information and links to useful on-line resources for each topic. The sheets can also be accessed via the QR code below. We hope this Toolkit will help you begin or continue your journey towards Net Zero Carbon.

Energy Efficient Homes

Net Zero Carbon Toolkit Information Sheets

Who has produced these sheets?

These info sheets have been produced by South Shropshire Climate Action (SSCA) and its partner organisations in the county concerned about the climate and ecological crisis, including Marches Energy Agency (under their Future Ready Homes project <https://mea.org.uk/our-work/future-ready-homes>), and Stretton Climate Care <https://strettonclimatecare.org.uk>.

Other organisations in the network include Broseley Climate Action Group, Clun Climate and Environment Group, Clunbury Climate and Environment Group, Lightfoot Enterprises, Ludlow 21, Pontesbury Climate Emergency Action Group, Sustainable Bridgnorth, Zero Carbon Shropshire. More information about SSCA can be found at <https://southshropshireclimateaction.org>

Information Sheets available in this series

1. Fabric First: Planning changes to your home?
2. Preparing for Retrofit: Resources on your doorstep
3. The Energy Pyramid: The Principle behind the Whole Building Plan
4. Opportunities to Begin the Journey
5. First Retrofit Priorities
6. Insulation: Roof & Attic
7. Insulation: Walls
8. Insulation: Windows & Ventilation
9. Insulation: Floors
10. Water Efficiency
11. Heating systems
12. Lighting
13. Renewables
14. Costs & Grants
